### Clinical Experience

April, 2000-April, 2001

Residency under the supervision of licensed psychologists Dale Brounstein, Ph.D. & Fred Grossman, Ph.D. for school-based and private practice.

July, 1981-July, 1982

American Psychological Association Internship at Oregon Health Sciences University, Child Development and Rehabilitation Center, Crippled Children's Division. Experience consisted of evaluation, treatment & consultation with year long didactic instruction in family therapy at the Veteran's

Administration Hospital. Diagnostic assessments of infants, children, adolescents & adults including at-risk premature infants, mild to profound mental retardation, learning disabled, behaviorally disordered, physically handicapped, and those with concomitant medical problems. Parenting evaluations were conducted. Treatment comprised of behavior therapy, play therapy, parent training, family therapy, individual psychotherapy, marital therapy, & individual as well as group therapy with neglectful & abusive parents. Consultations were with Headstart, classroom teachers, & other professionals in a multidisciplinary setting.

September, 1979-May, 1980

Practicum in the Psychology Clinic at University of Wisconsin-Madison. Experience involved diagnostic evaluations, group therapy for children with eating disorders, marital therapy, cognitive-behavioral treatment of adolescents & adults in the Fear Clinic, psychophysiology assessment, & individual therapy of schizophrenic adults.

January, 1979-May, 1979

Internship in Madison Metropolitan School District. Experience included diagnostic assessment of emotionally disturbed & autistic children, teacher & parent consultation, development of treatment plans, & multidisciplinary collaboration.

September, 1978-December, 1978

Internship in the Psycho-Educational Clinic at University of Wisconsin-Madison. Experience in diagnostic evaluations, family therapy & consultation with community agencies (e.g., Headstart & schools)

September, 1976- August, 1977

Practicum at the Diagnostic and Treatment Unit of the Waisman Center on Mental Retardation and Human Development. Experience in psychological & educational assessment, & behavior treatment of mentally retarded, emotionally disturbed, behaviorally disordered, autistic & deaf youth in a multidisciplinary setting.

### Research Experience

August, 1978-June, 1981

Project Assistant/Research Assistant at Wisconsin Research and Development Center for Individualized Schooling. Investigated the applicability of mnemonic strategies to a wide variety of curriculum areas including foreign languages, English vocabulary, social studies, expository prose with a variety of populations including learning disabled children, elementary through high school students & adults. Responsibilities entailed literature reviews, research design, data collection, data analysis, writing

professional papers.

January, 1978-August, 1978

Graduate Assistant for the Wisconsin Research and Training Center at the Waisman Center on Mental Retardation and Human Development.

Conducted single-subject clinical research in the areas of job-related skills, social skills, & self-care skills in a vocational rehabilitation workshop for mentally retarded adolescents & adults. Responsibilities included data collection, research design & development of treatment plans.

September, 1976-September, 1977

Project Assistant at University of Wisconsin-Madison in the Department of Behavioral Disabilities. Completed literature reviews to determine the treatment efficacy of various behavioral strategies with mentally retarded youth & assisted with the Introduction to Behavior Modification course. Responsibilities involved journal research, test development & grading projects & tests.

September, 1973-January, 1973

Research Assistant at Indiana University-Bloomington in the Psychology Department in the area of visual perception & illusions. Responsibilities comprised of the development of research materials & conducting studies.

August, 1971-May, 1972

Research Assistant at Indiana University-Bloomington in the Psychology Department in a study designed to evaluate children's & adolescent's leisure time activities, community involvement & family history. Responsibilities included interviewing, data collection & data analysis.

### Work Experience

September, 1980-December, 1980

Reader for the Psychology Department at the University of Wisconsin-Madison. Assisted with test construction & grading for the Abnormal Psychology course.

January, 1976-August, 1976

Instructional Assistant at Madison Metropolitan School District.

Responsibilities consisted of development of behavioral interventions, tutoring & curriculum development for adolescents with emotional and behavior disorders.

September, 1974-December, 1975

Supervisor of a group home for emotionally disturbed, behaviorally disordered, mentally retarded, & conduct disordered children & adolescents at

Browndale, Inc. Responsibilities entailed supervision & training of staff, development of treatment plans, program evaluation, coordination of daily activities & collaboration with mental health professionals and families.
